

The TongueDB User Agreement Form

The TongueDB is a dataset that contains approximately 1,800 raw 3D tongue scans. We recorded a total of 700 distinct subjects with available metadata about them. This document sets out the terms of agreement of the dataset. The full-time academic staff member, named below, agrees to the following restrictions on the use of the TongueDB, and will ensure that the restrictions are adhered to within their own institution:

1. The dataset must be used for non-commercial research and education purposes only.
 2. The dataset or any portion thereof, will not be copied, sold, traded or exploited for any commercial purposes.
 3. All submitted papers or any publicly available text using any of the TongueDB scans must cite the following paper:
- *S.Ploumpis, S.Moschoglou, V.Triantafyllou, and S.Zafeiriou, 3D human tongue reconstruction from single “in-the-wild” images, CVPR June 2022*

Please add your details in the table below, then sign and date. Email a copy to Stylianos Ploumpis (s.ploumpis@gmail.com) and Stylianos Moschoglou (s.moschoglou@imperial.ac.uk).
